THE COMPANY

“iNNO Answers Technologies” is owned and operated by technology veterans. We provide software consulting and infrastructure services from Hyderabad, India. We believe on three core principles; Technology, Innovation, and Partnership that drive business value, constant innovation, and a sense of trust in partnership.

“iNNO Answers” love seeing businesses start small, fund themselves with paying projects, and build up a strong development, so that’s how we run “iNNO Answers”. We create products and features that empower our customers to grow.

OUR VISION

“iNNO Answers” Vision is 'innovation through integration' which translates in two ways: we develop innovative solutions by integrating our team and ideas with those of our clients and we deliver innovative positioning for clients by increasing their ability to make good decisions more quickly through using various technologies for integration.

OUR MISSION

“iNNO Answers” deliver the best customer experience to clients through continuous improvement driven by efficiency, teamwork, and innovation.

OUR CORPORATE VALUES

“iNNO Answers” believe in Integrity, Honesty, Quality and Commitment to our clients. After all, the biggest asset of any business lies in their clients and people.

We also believe that any successful transaction consist of a view crucial elements. “Service, Quality of Products and Price”.

OUR STRATEGY AND FOCUS

“iNNO Answers” target to exceed customer expectations by providing quality service and maintaining sustainable customer relationship. To achieve our goals we focus on the following things:

- Ensure service quality
- Continuous improvement in solution features and technology
- Give maximum importance to customer requests and incorporate necessary changes
- Prompt service management and support

COMPETITIVE EDGE

Cost Efficiency and Timeliness:

“iNNO Answers” ensure greater flexibility and efficiency in all our solutions; which results into lesser customization cost and effort. Our timeliness in our solution delivery ensures lesser resource engagement on customer’s end. These factors ensure greater cost efficiency and timeliness for the customer.

Comprehensive support services:

“iNNO Answers” is committed to providing comprehensive product and system support, post deployment and operate the services on 24x7 based. Apart from technical points “iNNO Answers” is also responsible for managing the Services.

OUR SOLUTIONS

Application Development:

“iNNO Answers” delivers application services designed to meet your specific business objectives. Our application services help control costs, extend internal capabilities, and ensure your applications scale with your business.

“iNNO Answers” creates, implements, integrates, and maintains custom software applications to help support your growth and achieve your business objectives.

Web Development:

“iNNO Answers” started or rather had placed our first stepping stone with Web Application

Development. Years of experience and unmatched quality framework has rewarded us with popular clients around the globe.

Our expert team has done all the hard work and knowledge sharing to accomplish various levels of application development projects. We are experienced professionals to develop advanced systems with complex business logic dealing with large amounts of data and transactions. We are able to supply you with most desirable, innovative, trustworthy web application solution.

IT Consulting

“iNNO Answers” is a global information technology solutions provider serving clients across India. We have a large pool of technology consultants; project managers helping our clients meet their business goals. Our consulting services include strategic advisory services to our clients in IT and business process management.

SUCCESS BASE

“iNNO Answers” success lies on creating and nurturing knowledge base rather being a mere technology partner of the businesses. Our solutions pave the way for enterprises to create successful and reliable medium to reach out their ultimate goal—the end users.

“iNNO Answers” makes an ideal partner for organizations looking at transformational IT solutions because of its core capabilities, human resources, commitment to quality, deliver a wide range of solutions and services, 24/7.
